## 77A Effect of stillbirth or death of child on unpaid parental leave

Stillbirth—preserving entitlement to birth-related leave

- (1) If:
  - (a) a child is stillborn; and
  - (b) an employee would have been entitled to unpaid parental leave that is birth-related leave, if the child had been born alive;

then the employee is taken to be entitled to the unpaid parental leave, despite the stillbirth of the child.

- (2) A *stillborn* child is a child:
  - (a) who weighs at least 400 grams at delivery or whose period of gestation was at least 20 weeks; and
  - (b) who has not breathed since delivery; and
  - (c) whose heart has not beaten since delivery.
